New reflective edges!

The CloccaCapes® Difference

- ⚙️ Patented sliding neckline closure cinches gently for an exact fit of up to 24 inches.
- ⚙️ All-around draping design eliminates the seam in the back and accommodates petite to 'linebacker'-sized clientele!
- ⚙️ Save energy, no machine drying required. Hang dry using the reflective draping loop on neckline.

Our Reflective Edge Gives Your Image The Edge!

New Social Media Branding reflective edge makes **your work** noticeable on Facebook, Instagram and on stage during competitions.

Barbers

Our "never too loose, never too tight" neckline makes this the perfect barbering tool. Send clients home without an itchy neckline and be confident that *this* cape will fit your largest built clientele! Our longer draping design helps ensure the client a "hair free" experience when leaving your chair.

Hair Designers

Free from snaps and Velcro®, this neckline fits perfect every time; it's client-adjustable! No draping seam in the nape area makes CloccaCapes an amazing canvas for the cutting stylist. End by pulling on the magnetic closure and simply unwrap your client!
